Extract from "Times of India" official Road Test Report, dated March 15th 1940.

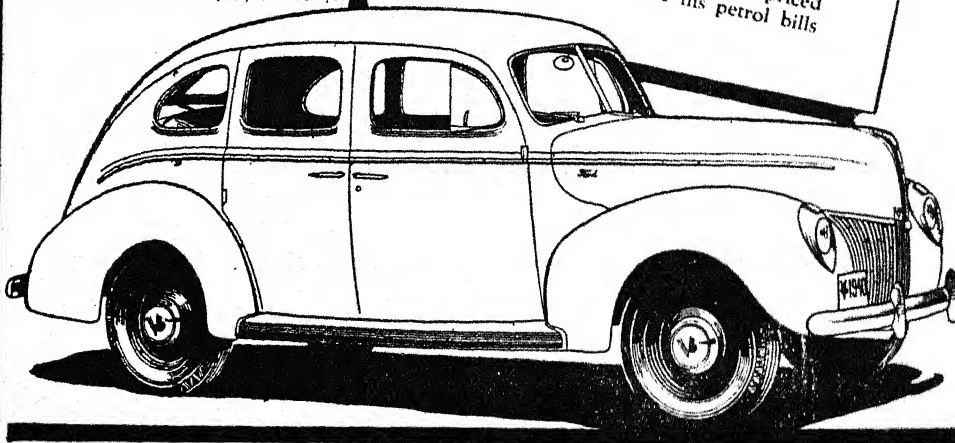

"During the test run, 135 miles were covered of which about a third were in and around town, including a fair amount of stop and start traffic work; the petrol used amounted to a little less than five gallons, giving a mileage per gallon of 27."

"With its economical fuel consumption, nimble performance, good accommodation and numerous detail improvements allied to the reputation of Ford cars for trouble-free service, the new V-8 "22" has much to commend it to the man who wants a big, fast low-priced car that will not make his petrol bills too high."

★ Copy of complete Test Report will be gladly forwarded on application to P.O.Box 499, Bombay.
